

VLT-480

Dining Table

Mobile dining table with adjustable top, with the possibility of use in several hospital beds. Base with stable center of gravity.

BASE

Made of structural aluminum profile.

COLUMNS

Support and lifting column for the dining table in structural aluminum.

LIFT SYSTEM

By means of a gas spring with actuation underneath the meal table, by means of a hand actuator.

TOP

Top blown in high-density polyethylene, withstands chemical cleaning, with cup-holder and edge protection against liquid spills, rounded anti-collision corners.

CASTERS

4 casters, wear-resistant.

PAINTING

Powder electrostatic painting, with anticorrosive efficiency through phosphatization.

HIGH-DENSITY POLYETHYLENE
BLOWN TOP WITH 1 CUP HOLDER.
